Sponsorship Opportunities
2020-2021
Dear Partners,

In this time of uncertainty, it can be a challenge accessing the networks, people, and businesses necessary to succeed. For over 66 years, ASA has nurtured the largest, most diverse community of professionals working in aging in America. During this pandemic and its extraordinary impact on older adults, we’ve heard from our membership - they need your partnership now more than ever.

To unite, empower, and champion all of us in aging, ASA is proud to unveil innovative partnership opportunities for 2021—our Year of Equity in Aging—that will provide you with the access, engagement, and opportunity to feature your service, product or thought leadership. Join us today!

Recognizing that in-person events remain a challenge, ASA is investing heavily in digital experiences with robust brand activation opportunities, cutting-edge content, and access to national leaders and networks that will bring us all together to drive change. By signing up as a partner today, you will be able to:

- **Engage Directly with our Membership, Subscribers and Network**

  - Support ASA Studios, our podcasts and live broadcasts that bring to life topics such as policy making and advocacy, innovations that drive social impact and diverse lived experiences and voices of older people.

- **Promote Thought Leadership.**
  - Collaborate on Generations Forums, our deep-dive, multi-day digital convenings focusing this year on economic security & housing, social innovation & technology and ageism & culture, with an explicit focus on how these topic intersect with equity;
  - Power the new On Aging Institute, which will offer new insights and practical guides to the most-pressing issues in aging; and
  - Author sponsored content in Generations to provide a unique perspective on aging issues.

These are just some of the deep, thoughtful collaborative opportunities available to you for the next year. As you review the attached opportunities, know we’re grateful for how you stood by us and our membership through a very difficult year. Your partnership has allowed us to re-imagine ASA and the impact we can have together.
